Page 1 - Turner was also very
unsatisfying/disappointing with the
"wrap-up" pg 3

Response to what "Gaussian quadrature"
How is wrong. Turner knows
what is/is not true as it was
set in either case by Gauss.

Prof says Marin has pointed out was
already would be checked, & let it
pass. The printed version is true
& the last update. None of the
required changes show in the
transcript, when the changes
which have had to have been
made for the typesetting.
The printer going to Ed and Prof
Reddy is a man who claims
he didn't know that erroneously
omit to his old printing of the picture
of a triangle is Reddy. A triangle
don't have?

Quinn—he knew this
was a physical impossibility
& he knew nothing

Johnson did say this is
what happened. Truman lies.
